SKILLS

UI / UX DESIGNER

5.5 Years of Experience

My name is Sajeerali and I’m a digital designer and front-end developer living Dubai, in the United Arab Emirates

I am specialised in digital design for web, mobile applications and interactive installations. I believe putting the user at the heart of any project is the key to deliver thoughtful and challenging concepts.

HOBBIES

SUMMARY

I am a former graduate of the BA in Multimedia Communication for Vismayam School of animation at Calicut University. With over 6 years experience working with major digital agencies such as Avenue A Razorfish and Digitas Modem Media both in India, and Calicut. In addition, I have worked in-house for clients such as **Net-shell Technology, Codexmint, Spaniac Solution, 7nodes Technology and BLOOVO Middle East FZZ LLC.**

I have worked on a variety of projects including product configurators, e-commerce, brand and marketing sites, financial dashboards, RIA's, video sharing and social networking apps across multiple platforms including mobile, web, desktop, Traveling web application, Online creative platform, Online Job Portal with the dashboard, different creative agencies responsive website, and innovative Money transfer mobile application at Germany.
